TURNERS FALLS HIGH SCHOOL

1984

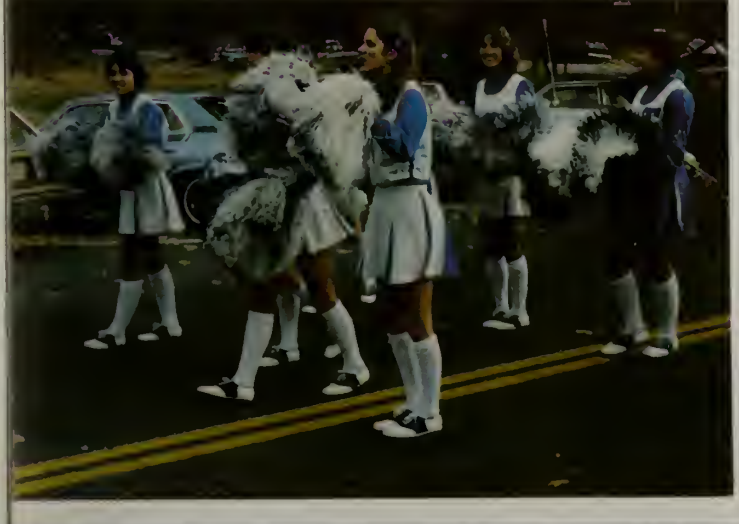
PESKETUK

Reflecting on time I see we are people all the same

I wonder where the moments passed.

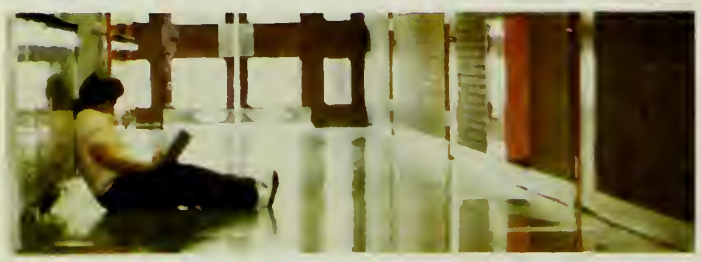
Scared and young,
brought out into
a maturing world

The years went by so fast



Many lonely times

were spent



And many happy moments were shared

Together as a class,

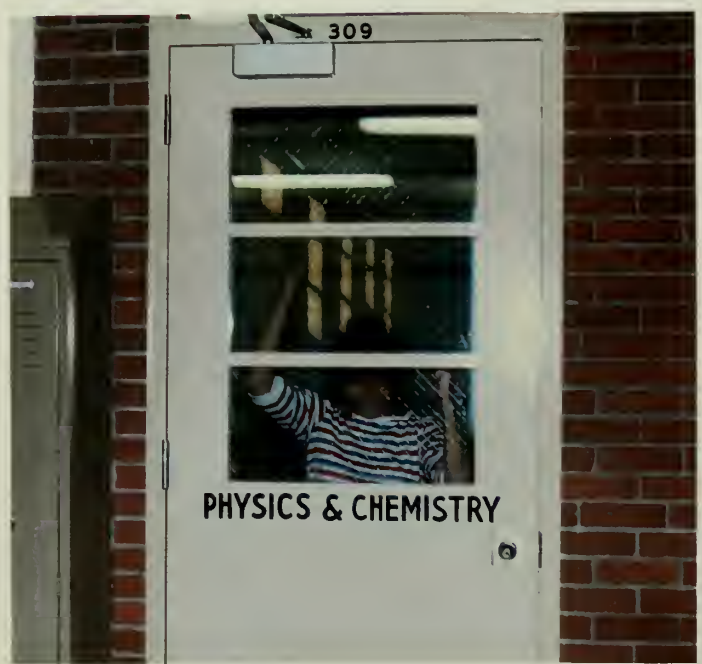
Together we go

Separating on our own ways still as friends.

The knowledge we have gained

will help us through the years.

Experiences will make us wiser



To obstacles we will encounter

Here's to you

Turners High

with treasured memories and a fond goodbye

We leave you
with many thanks
for making our future
brighter

The Class of '84 would like to dedicate our yearbook to Mr. Richard Coburn. We thank you for all that you've done for us. Without you, we never could have had as much fun or as many wonderful memories. We will miss you.

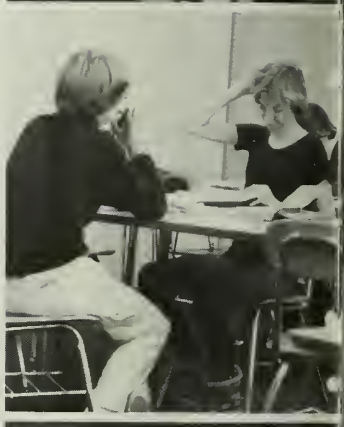
CLASS HISTORY

FRESHMEN (1980-1981)

This was our first year in "high school" and we started the year without any money in our treasury and without an advisor. We solved the advisor problem by recruiting Ms. Truslow, the art teacher. As for money, well, we had to work on that one! Cindy Mosca represented us as the Lady-In-Waiting. Our Booster Day float was "Little Miss Muffett" and we managed to win a trophy for third place. This was because we couldn't get the right paint and we ended up using house paint, which made the napkins stick together. By the end of the year we were one-fourth of the way up the ladder, and we were climbing fast!!

SOPHOMORES (1981-1982)

This year began a little more organized. We had Mr. Coburn as our Advisor. (Little did we know he would stay with us until graduation!!) We also had a little money in our treasury. This year's Booster Day float was "Rocky", and we won second place. We had fun building this one because we used paper mache, which was fun to get into fights with!! Brenda Atkins was our Dutchess and we had a lot of fun that weekend. We finally received our rings and celebrated with a Ring Dance. It was fun even though a third of us didn't get them because they came in late. We also went on Mrs. Neville's annual trip to Crane's Beach. It was a great day, even though we were late getting there because one of the buses broke down. Remember the showers and the Howard Johnsons we stopped at?? Well, now we're half way up the ladder!!



JUNIORS (1982-1983)

This year proved to be a busy one for our class. To begin with, Dawn Guilbault was our Princess, and our float was "Pinochio". Once again we placed second. It was so cold that year, we had to take turns working on the float while the other warmed themselves up with Mrs. Crouse's famous hot chocolate! This year's fundraisers were a raffle and a donkey basketball game, which was a real success. We used the money we raised for our Prom. It was held at Lord Jeffrey's Alumni House in Amherst. The theme was "Love Lift Us Up Where We Belong" and we danced to the music of Sea Breeze. It was definitely one of the best ever! We ended the year with the Senior Assembly. Everyone had a lot of fun doing it, especially the guys who danced to "New York, New York". We are now three-fourths of the way up the ladder. They say always look ahead and never behind, but I'm sure all of us will.

SENIORS (1983-1984)

We're the finally at the top!!! We began the year with a combination car-wash-tag sale in the summer. It seems more **people** were washed than cars!!! Tery Zamojski represented our class as Queen this year. Our float, "Raid", only placed fourth, but at least we had fun making it! We put on another donkey basketball game in which the senior girls beat the senior guys. It was great!!! The whole class is preparing for graduation; looking for a guest speaker, getting measured for caps and gowns, and making sure we have enough credits. Although everyone is anxious about graduation, we all know it will be a sad day, for it is when the life we've known as our "school days" has ended and a new one is beginning. Although we don't really know what lies ahead, we can always remember the years in which we made history at T.F.H.S.

Respectively,
Jill Watrous
Class Historian, 1984

Industrial Tools Division

While you may not think of the town of Greenfield as being world renowned, it is because for over 108 years thread cutting tools and gages have been shipped around the world with the word "Greenfield" imprinted on them.

We are very proud of this fact as it is the high quality of Greenfield tools that has enabled us to make the world GTD's customers. But more importantly, we are proud of the people who make these tools. For over five generations people in this area have been demonstrating their skills by producing a line of thread cutting and gaging tools that are the finest in the world.
